Business Enterprise Program (BEP) overview

What is BEP?

- Business Enterprise Program (BEP) was established in 1989 to serve the State of Illinois's interest in promoting open access in the awarding of State contracts to disadvantaged small business enterprises.
- The Business Enterprise Program for businesses owned by minorities, women, and persons with disabilities is committed to fostering an inclusive and competitive business environment that will help business enterprises increase their capacity, grow revenue, and enhance credentials.

Who can become certified?

Businesses **at least 51% owned and controlled** by a **minority** or **woman** or designated as a **disabled business** are eligible. The owner must be a **United States citizen** or resident alien and the business must have an annual gross sale of **less than \$150 million**. Applications must be submitted and fully approved to receive certification.

What are the benefits?

A BEP certification is nationally recognized and can open doors for additional business opportunities. All BEP certified companies are listed within the CMS BEP directory which is used by multitudes of cross-industry businesses seeking diverse suppliers. BEP certification is no cost and ABH IL offers certification support at no cost as well.

Electronic Funds Transfer (EFT) & Electronic Remittance Advice (ERA)

Providers that want to update their payment/Electronic Remittance Advice (ERA) distribution preferences for Aetna Medicaid claims payment on the dedicated [Aetna Better Health/ECHO portal](#). No fees apply when using this dedicated portal, which is identified by the “Aetna Better Health” name in the top left of the page.

To sign up for electronic funds transfer, providers will need to provide an ECHO payment draft number and payment amount for security reasons as part of the enrollment authentication. The ECHO draft number can be found on all provider Explanation of Provider Payments (EPP), typically above your first claim on the EPP. If you have not received a payment from ECHO previously, you will receive a paper check with a draft number you can use to register after receiving your first payment.

Please note that initially after go-live, there could be a 48-hour delay between the time a payment is received, and an ERA is available. Providers that choose to enroll in ECHO’s ACH all payer program will be charged fees, so be sure to use the Aetna ECHO portal for no-fee processing.

Billing & claims payment

For claim submission:

Electronic claims submission through clearinghouse:

- **Payer ID: 68024** (Claim Submission)

Submit paper claims to:

Aetna Better Health of Illinois
P.O. Box 982970
El Paso, TX 79998-2970

CHECK RUN TWICE A WEEK

- Wednesday will be 1ST check run, with a Saturday paid date
- Friday will be a 2ND check run, with a Tuesday paid date.
- Paper remits and checks will generally be mailed on Mondays and Wednesdays.

ERA:

- Remittance advices are available within the Availity provider portal.
- Electronic 835's/ERA currently come from Echo Health

Provider disputes, resubmissions and reconsiderations

A **Dispute** is defined as an expression of dissatisfaction with any administrative function including policies and decisions based on contractual provisions inclusive of claim disputes. Disputes can include resubmissions, reconsiderations, appeals, escalations and grievances.

A **Provider Resubmission** is a request for review of a claim denial or payment amount on a claim originally denied because of incorrect coding or missing information that prevents Aetna Better Health® from processing the claim and can include:

Corrected claims

- Any change to the original claim
- Code changes
- Newly added modifier

Reconsiderations

- Itemized bills
- Duplicate claims
- Retro authorization request
- Coordination of benefits
- Proof of timely filing
- Claim coding edit

A provider may request a claim resubmissions/reconsiderations using the Provider Dispute & Resubmission form if they would like us to review the claim decision. Claim reconsideration is available to providers prior to submitting an appeal. **Resubmissions** must be submitted within **180 days of the date of service**. Reconsideration requests must be submitted within **90 calendar days from the date of the notice** of the claim denial to:

Aetna Better Health of Illinois
P.O. Box 982970
El Paso, TX 79998-2970

We acknowledge provider reconsiderations in writing within 10 calendar days of receipt. Aetna Better Health will review reconsideration requests and provide a written response within 30 calendar days of receipt.

Provider appeals

Aetna Better Health® has established a provider appeal process that provides for the prompt and effective resolution of appeals between the health plan and providers. This system is specific to providers and does not replace the member appeal and grievance system which allows a provider to submit an appeal on behalf of a member. When a provider submits an appeal on behalf of a member, the requirements of member appeal and grievance system will apply.

Provider appeal

A provider appeal is a request by a provider to appeal actions of the health plan when the provider:

- Has a claim for reimbursement, or request for authorization of service delivery, denied or not acknowledged with reasonable promptness

Requests to appeal post service items are always on behalf of the provider. They are not eligible for expedited processing.

Requests to appeal pre-service items on behalf of the member are considered member appeals and subject to the member appeal timeframes and policies.

A provider may file an appeal within 60 calendar days of the date of the notice of adverse benefit determination. Provider Appeals can be submitted to:

Aetna Better Health of Illinois
Attn: Appeals & Grievances
PO Box 81040
5801 Postal Rd
Cleveland, OH 44181

Provider grievance

We have established a provider grievance process that expedites the timely and effective resolution of grievances between the health plan and providers. This system is specific to providers and does not replace the member grievance system which allows a provider to submit a grievance on behalf of a member. **If a provider submits a grievance on behalf of a member, the requirements of the member grievance system will apply.**

A provider grievance is any written or verbal expression of dissatisfaction by a provider against Aetna Better Health® policies, procedures or any aspect of Aetna Better Health's administrative functions including grievances about any matter other than an appeal. Possible subject of grievances include, but are not limited to, issues regarding:

- Administrative issues
- Payment and reimbursement issues
- Dissatisfaction with the resolution of a dispute
- Aetna Better Health staff, service or behavior
- Vendor staff, service or behavior

Both network and non-network providers may submit a grievance either verbally or in writing at any time to:

Aetna Better Health of Illinois
Attn: Appeals & Grievances
PO Box 81040
5801 Postal Rd
Cleveland, OH 44181

Aetna Better Health will acknowledge all verbal requests verbally at the time of receipt and will acknowledge written requests either verbally or in writing within five (5) business days. Complaints will be reviewed and resolved within thirty (30) calendar days of receipt. The timeframe for resolution may not be extended.

Provider state escalations

If a provider disagrees with our claims reconsideration decision, the provider can file an escalation with the Illinois Department of Healthcare and Family Services (HFS) Provider Resolution process and portal after attempting to resolve the issue with Aetna® through its process.

HFS requirements for submitting a state escalation

- The new provider dispute resolution process requires providers to first use the MCO internal dispute process before submitting a escalation to HFS.
- Disputes submitted to the Aetna internal dispute resolution process may be submitted to the new HFS Escalation Resolution Portal:
 1. No sooner than 30 days after submitting to the Aetna internal process, and
 2. No later than 60 days after submitting to the Aetna internal process.
 - If HFS determines an escalation was submitted sooner than 30 days or later than 60 days after submitting the dispute to the Aetna internal process, the escalation will be immediately closed.

You can find more details about Provider Resubmissions/Disputes, Appeals & Grievances in Chapter 18 of Aetna Better Health® of Illinois Provider Manual.

Quality

Quality management program

Overview

- The Quality Management Program is a continuous quality improvement process that includes comprehensive quality assessment and performance improvement activities. The process enables us to:
 - Assess current practices in both clinical and non-clinical areas
 - Identify opportunities for improvement
 - Select the most effective interventions
 - Evaluate and measure on an ongoing basis the success of implemented interventions, refining the interventions as necessary

Medical records standards

- ABHIL's standards for medical records have been adopted from the National Committee for Quality Assurance (NCQA) and Medicaid Managed Care Quality Assurance Reform Initiative (QARI).
- All providers must adhere to national medical record documentation standards. For a complete list of minimum acceptable standards, please review the ABHIL Provider Manual

Quality management - HEDIS

Healthcare Effectiveness Data and Information Set (HEDIS)

- Two ways data is collected for HEDIS measures:
 - Administrative- measures use claims/encounters for hospitalizations, medical office visits and procedures or pharmacy data only.
 - Hybrid- measures use data obtained directly from the member's medical record in addition to administrative data.

What is our ultimate goal?

- For providers to submit claims/encounters with coding that administratively captures all required HEDIS data via claims. This decreases or removes the need for medical record (hybrid) review.

Please see HEDIS Tips for PCPs located on our website at [AetnaBetterHealth.com/Illinois-Medicaid/providers](https://www.aetna.com/betterhealth/illinois-medicaid/providers)

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT)

What is EPSDT?

- It is a federally defined health program for children under age 21 who are enrolled in Medicaid.
- The EPSDT benefit is more robust than the ABHIL benefit for adults and is designed to assure that children receive early detection and care, so that health problems are averted or diagnosed and treated as early as possible.
- The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care to the right child at the right time in the right setting.

Provider responsibilities:

- ✓ Complete the required screenings according to the current American Academy of Pediatrics “Bright Futures” periodicity schedule and guidelines
- ✓ Fully document all elements of EPSDT assessments, including anticipatory guidance and follow-up activities
- ✓ Report EPSDT visits by submitting the applicable CPT codes on claim submission

Click [HERE](#) for EPSDT screening and services

EPSDT/Bright Futures

Early and Periodic Screening, Diagnosis and Treatment (EPSDT), also known as Bright Futures services, are federally-mandated preventive care services for Medicaid members under age 21.

All primary care providers (PCPs) are required to provide these comprehensive health care, screening and preventive services for children.

Required EPSDT/Bright Futures screening services

Immunizations and assessment of diet, activity, growth, weight and BMI percentiles are services that occur at a well-child visit. Specific screenings should also occur at certain ages and stages of development. Aetna Better Health® of Illinois participating providers must make these screening services available to EPSDT-eligible members at the ages recommended on the [EPSDT/Bright Futures periodicity schedule](#).

- **Anemia screening:** between 9 and 12 months.
- **Blood lead screening:** All children should receive an initial screening blood lead test at 12 and 24 months. Children between the ages of 36 months/3 years and 72 months/6 years with no history of a previous blood lead screening test are required to have blood lead screening documented in their medical record.
- **Dyslipidemia screening:** once between 9 and 11 years and once between 17 and 20 years; other ages should be screened if indicated by history and/or symptoms.
- **Visual acuity screening:** annually, ages 3-21.
- **Hearing screening:** annually, ages 3-21.
- **Structured autism screening:** 18 months old and 24 months old. [See examples of validated screening tools for autism and developmental delays](#).
- **Structured developmental screening:** between 9 and 11 months old, again at 18 months old and again at 30 months old, using a validated screening tool.

Document all screenings and developmental surveillances in the medical record, including follow-ups, results and anticipatory guidance given. The medical record must document that a developmental screening was performed with a validated screening tool at 9-11 months, 18 months and 30 months.

Aetna Better Health® of Illinois

Health Risk Screening

As an Aetna Better Health provider, it is expected that you perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable suspicion, that a Member has an OCS eligible medical condition. We rely on you, our network providers, to complete the Initial Health Risk Screening within thirty (30) days of the members enrollment to identify members who are at risk of or have special needs and those who are at risk for nursing home level of care.

The Health Risk Questionnaire will assist us in identifying enrollees with special health care needs. If identified, we will follow-up with a Comprehensive Assessment (CA) as a part of the Risk Stratification Level Framework. This information must be included in the patient's medical records and supplied to Aetna Better Health of Illinois or its regulators upon request.

Three (3) documented outreach attempts:

- Enrollee to complete the questionnaire in-person, by phone, electronically via ABHIL member portal, or by mail

Questionnaire & triggers

Questionnaire include but is not limited to:

- a. Demographic information for verification purposes;
- b. Current and past physical health and behavioral health conditions;
- c. Identifying enrollees with special health care needs and specialized treatment or equipment;
- d. Services or treatment the enrollee is currently receiving, including from out-of-state providers;
- e. Pending physical health and behavioral health procedures, including services that may have been authorized by OHCA or another plan;
- f. Most recent ER visit, hospitalization, physical exam and medical appointments;
- g. Current medications; and
- h. Questions to address Social Determinants of Health, including food, shelter, transportation, utilities and personal safety.

Cultural, linguistic & disability access requirements & services

Cultural competency

“A set of interpersonal skills (including, **awareness, attitude, behaviors, skills,** and **policies**) that allow individuals to increase their understanding, acceptance, and respect for all cultures, races, and religious and ethnic backgrounds.”

Linguistic competency

Members with limited English proficiency experience:

- Less adequate access to care
- Lower quality of care
- Poorer health outcomes

Providers must ensure members have access to medical interpreters, signers, and TTY services to facilitate communication at no cost.

Aetna Better Health® of Illinois provides:

- Language Line services 24 hours a day, 7 days a week in 140 languages
- Information in other formats including Spanish, Russian, Audio, Braille, etc., at no cost
- TDD/TTY access
- Translators to your office or the hospital

For translation services, call Member Services at

866-329-4701 or TTY: 711.

Accommodating people with disabilities

The Americans with Disabilities Act (ADA) defines a person with a disability as:

- ❑ A person who has a physical or mental impairment that substantially limits one or more major life activity, and includes people who have a record of impairment, even if they do not currently have a disability, and individuals who do not have a disability, but are regarded as having a disability

- ❑ The Health Plan ensures equal access in partnership with participating providers by maintaining an ADA Plan. The ADA Plan monitors the following:
 - Physical accessibility of provider offices

 - Quality of the Health Plan's free transportation services

 - Complaints related to the Health Plan and/or provider's failure to offer reasonable accommodations to patients with a disability

Accommodations for people with disabilities include, but are not limited to:

- Physical accessibility

- Accessible medical equipment (e.g. examination tables and scales)

- Policy modification (e.g. use of service animals)

- Effective communication (e.g., minimize distractions and stimuli for members with intellectual and developmental disabilities)

Fraud, Waste and Abuse (FWA)

Fraud, Waste and Abuse

Fraud

- Intentionally or knowingly submitting false information to the Government or a Government contractor to get money or a benefit to which you are not entitled.
- **Fraud** can be committed by a provider or a member.

Waste

- The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to the Medicare Program.
- **Waste** is not generally considered to be caused by criminally negligent actions but rather by the misuse of resources.

Abuse

- Actions that may, directly or indirectly, result in unnecessary costs to the Medicare Program.
- **Abuse** involves payment for items or services when there is not legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment.
