

♥ Drug information made easy

Aetna Better Health of Texas is pleased to offer Pyrls® for our providers, free of charge. All you need to do is log into your Availity portal and click on the Aetna Better Health Payer Space “Resources” tab.

Pyrls® is a drug information database available on the web and via mobile application that provides clinicians and professional trainees with curated, evidence-based information to guide proper use of medication therapy.

Pyrls® platform features

- 800+ clinical drug summaries
- Pharmacotherapy reviews
- Key patient counseling points
- AHFS Drug Information® database
- Drug interactions detection tool
- Clinical charts, tables, & calculators

The Pyrls difference: Focus on pharmacotherapy

• Guideline-driven information

Authoritative clinical guideline recommendations are at the top of our editorial hierarchy. The Pyrls difference comes from pairing both descriptive and guideline-based medication information.

• Clinician-curated insights

Our editorial team and advisory board of practicing clinicians ensure that information is up to date, relevant and applicable to how medications should be used in modern clinical practice.

Questions?

If you have questions or concerns, contact your Provider Relations Representative directly or email Provider Relations at ABHTXCredentialing@aetna.com. You may also call Provider Services at **1-800-248-7767** (Bexar), **1-800-306-8612** (Tarrant) and **1-844-787-5437** (STAR Kids).
