

## **Aetna Better Health of Texas Obstetric Ultrasounds**

In late 2021, Aetna Better Health of Texas shared that we were removing authorization requirements on most obstetric ultrasounds in favor of code-level limits and post-service medical record reviews. Based on feedback from providers, we identified issues with how these edits were coded into our claims system and how the post-service medical record reviews were being processed.

In response, we deactivated the edits and began to follow the Texas Medicaid Provider Procedures Manual (TMPPM) guidance of allowing three non-hospital-based ultrasounds per pregnancy without authorization. Based on further discussion with the provider community, we have identified a need to clarify our policy and share our next steps to ensure proper payment for medically appropriate care for our members.

Aetna Better Health of Texas will continue to follow the guidance in this bulletin from 2021: [https://www.aetnabetterhealth.com/content/dam/aetna/medicaid/texas/providers/pdf/abhpa\\_provider\\_notification\\_eff\\_12\\_1\\_21.pdf](https://www.aetnabetterhealth.com/content/dam/aetna/medicaid/texas/providers/pdf/abhpa_provider_notification_eff_12_1_21.pdf). At the bottom of this bulletin, the list of ICD-10 codes considered high-risk is included.

Hospital-based services will be excluded from this implementation. Providers rendering hospital-based services are reminded that services rendered in the Emergency Room or Outpatient Observation settings must be billed with modifier U6 per TMPPM guidance. Claims without this modifier in these settings will be subject to denial.

### **SYSTEM UPDATES AND CLAIMS PROJECT**

We are prioritizing updates to our system to ensure the full implementation of the guidance shared here. As part of those updates, our current edits enforcing the three-per-pregnancy limit will be deactivated. These updates will be complete no later than September 1, 2022. We appreciate your patience and understanding as we make these updates.

We recognize that some claims have been denied inappropriately based on the guidance contained in this bulletin. All impacted claims will be reprocessed following the completion of the configuration. There is no need to appeal these claims. We are targeting no later than October 1, 2022 to complete the reprocessing of both overpayments and underpayments related to this change. We will publish a subsequent bulletin when this project has completed to notify providers of the completion. This subsequent bulletin will also offer guidance for any providers who need to submit appeals for post-service medical record reviews and extend the timeline for the submission of those appeals, so that providers may evaluate the scope of any outstanding claims after the project completion.

Aetna Better Health of Texas values your participation and input. If you have any questions, need clarification of this guidance, or have other claim issues related to obstetric ultrasounds, please contact your Provider Relations Representative directly or Provider Services at: 1-800-248-7767 (Bexar), 1-800-306-8612 (Tarrant) and 1-844-787-5437 (STAR Kids). Thank you, as always, for the support and care that you provide to our members!
